

No. 8 Memo 677. 708

St Thomas

Cont.

April 8/89

Mr W H Sandell

Dear Sir,

On the 25th of March last
I shipped you 3 Burs of
Bullion with instructions to
separate and make return
to C. A. Daugherty of Buffalo
N.Y. I just received the
returns this morning and
find you did not separate
as instructed. Mr Burr
was marked with this stamp
I had quite an
amount of Gold and as I
wished you to separate it, I
melted it all together, you
will therefore look up this
and separate & make return
per Gold, to me at St Thomas
Cont. to explain why I had

M.A. PAYNE

M.A. PAYNE

The returns made to Mr
 C. A. Daugherty of Buffalo
 N. Y. is this. There is a
 Draft on American ^{Libraries} Coin
 remaining in the Canada of 20%
 and my instructions to Mr
 Daugherty was to exchange
 Librer for Draft on New York
 or First National Bank. That I
 could save the Draft. In
 my case, could not you
 make returns in American
 Bills and Gold, instead
 of Librer and Gold Coin
 This would expedite matters
 considerably and save me
 quite an amount of annoyance
 by doing so in future you
 will oblige me much -
 Thanking you for past
 favors I beg to remain as
 ever Truly yours &c

Mr. A. Payne.

Complain of no
return of Gold in
Silver deposit.

The
Mint of the United States,
at
Philadelphia, 4/10 1889

Dear Sir

In answer to the letter of Mr. M. A. Payne I would respectfully state that the gold in his deposit of silver was not enough to pay the expense of separating or parting as we call it and in such cases the mint does not put the depositor to the expense of parting which would be more than the gold would be worth. The Express co. could get a draft for ~~the~~ gold & silver and send it to ~~you~~ ~~at~~ the depositor or ~~at~~ ~~thru~~ our,

Very Respectfully
